THE PEOPLE IS EVERYMAN, EVERYBODY.

EVERYBODY IS YOU AND ME AND ALL OTHERS.

CARL SANDBURG

On November 22, 1963, a hushed and shocked Student Body gathered solemnly to recite the holy rosary for John Fitzgerald Kennedy, 35th President of the United States. Each heart felt the emptiness, and in each memory was to be enshrined forever the portrait of a hero.

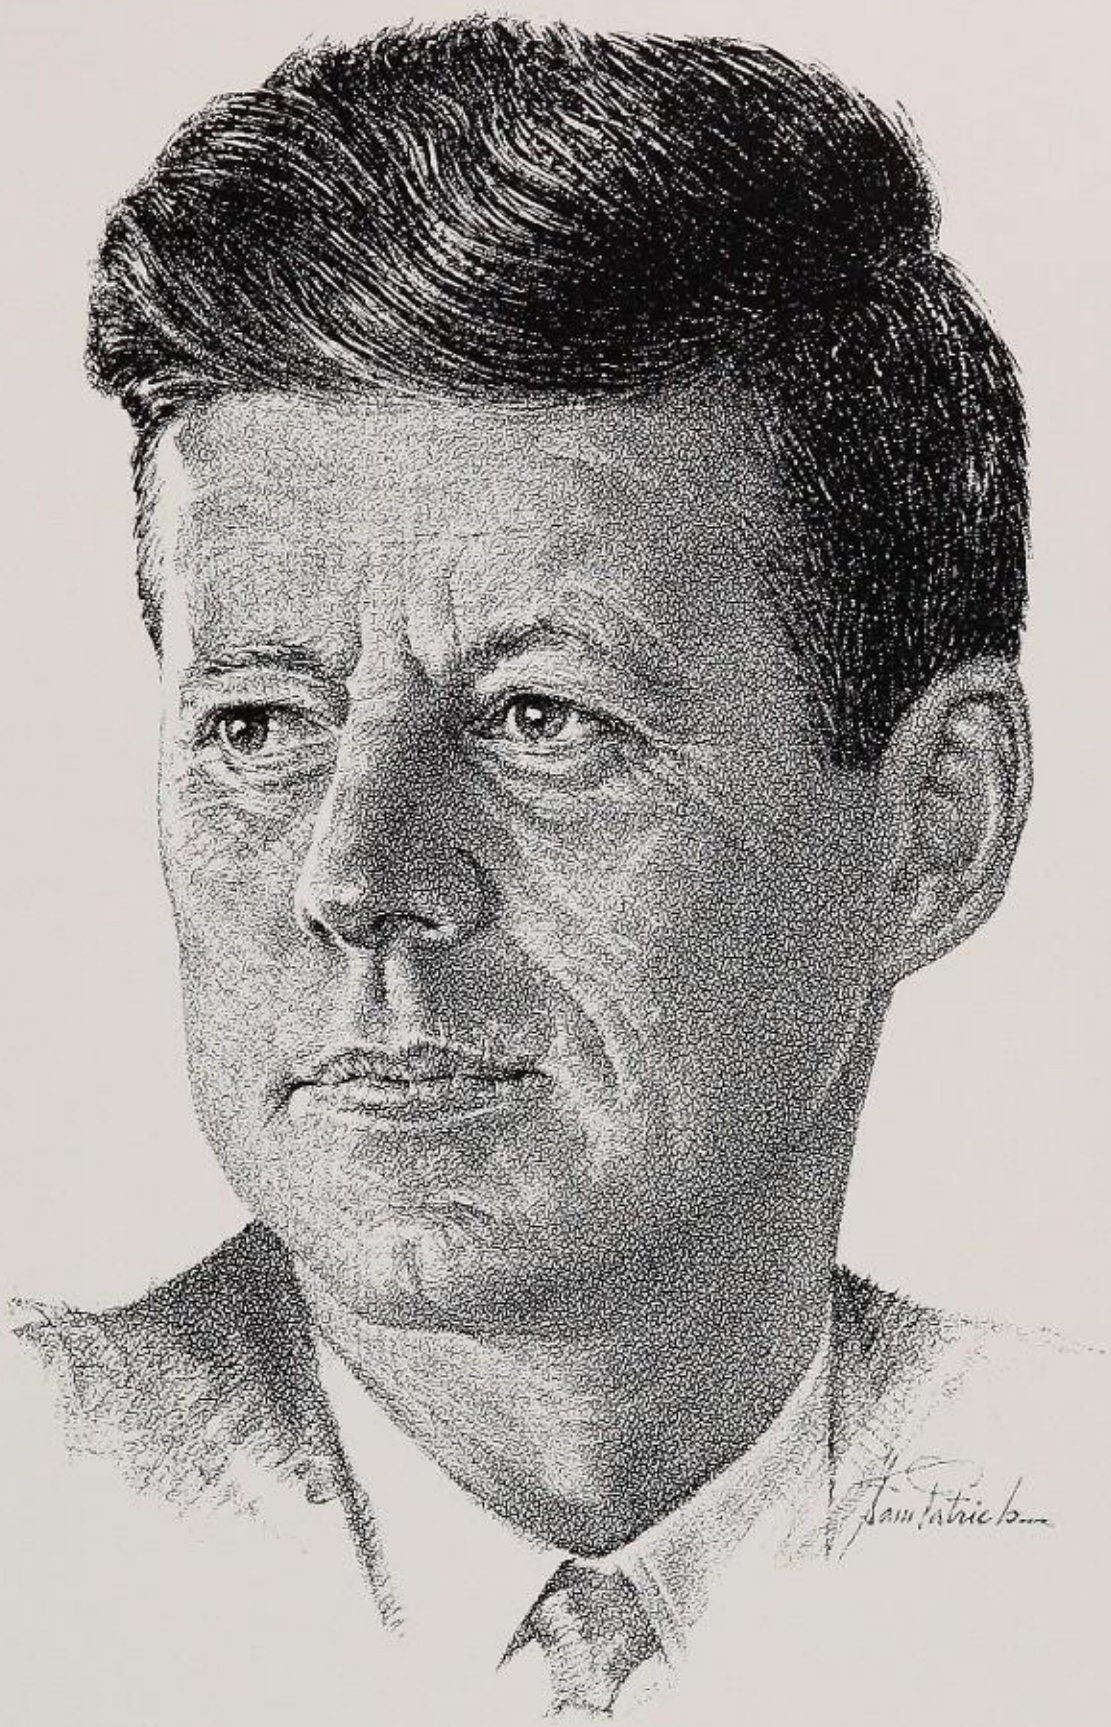
John Kennedy meant something special to us. He wasn't just a page in a history book or a plaster hero in a gallery, nor was he simply "some man" whom adults told us was great. Kennedy was a hero in our own eyes. He was a man who cared about young people—who, indeed,cared about all people. Kennedy looked beyond the frivolty which the world attached to the word "teenager" and saw a bewildered mass of youth. Stretching forth an encouraging hand, he channeled young energy into such constructive outlets as the Peace Corps and the Physical Fitness program. With the aid of his positive approach, the world came to look upon the American youth as something admirable.

Kennedy was close to us (as he was close to the entire world). He seemed to possess an overwhelming desire to be one with us.

As Catholic youth, we take particular pride in our late president. His life is an example of constant dedication and undying loyalty to his Faith, his Nation, and his personal convictions. We cannot deny that we loved him more for his zest and winning personality, but neither can we deny that he was a great and dynamic leader who gave his life for his country.

Today's youth may never know exactly what Kennedy died for, but his blood acted as a bond uniting the entire Nation, both young and old, under the righteous principles he strove so valiantly to uphold. Recognizing the meaning and beauty of the President's life, as Catholics and as Americans we are privileged to hold our heads a little higher, and we are inspired to fight all the more zealously that "these dead shall not have died in vain . . ."

C. M.



. . . ask not what your country can do for you —
ask what you can do for your country.

Dear Graduates,

Ultimately you will, with few exceptions, find your life's vocation in the religious life, or as fathers and mothers of Christian families.

Your years at St. Monica's have been focused on these goals. Spiritually, academically, physically, and socially, you have been developed to be "true and perfect Christians" . . . in accordance with the teaching and example of Christ.

Teachers . . . religious . . . black robes – white chalk. These few words depict a standard image of the FACULTY at St. Monica's High School. Yet there remain other momentary impressions – of gratitude, of eager excitement, of dedication – connected with these persons which are not easily nor often remembered. It is just these feeling we wish to recall to the students in presenting this yearbook as a tribute to people.

The largest single department in Saint Monica's educational program teaches religion. Composed of an all religious faculty, the department extends its range of activities from basic bible study to the exclusively senior marriage course. Individual subjects such as the history of the Jews and the Church, the sacraments, the virtues, and the christian life are stressed in freshman, sophomore, and junior classes. As a climax to these years of preparation and practice in christian maturity, the marriage course presents to seniors specific information as an aid to success in this most commonly chosen state in life. The recognized import of religion as a way of life provides reason for the stress placed on this subject.

In SMHS, English has developed from the punctuation and book reports of grade school to comps, term papers, and world lit. The gradual inculcations of "The Pageant of Literature" series has burdened everyone with the problems of selling an extra four books at the end of the year. Irregardless, student opinion seems to favor this literature series. For from freshman through senior year interesting introductions are made to historical and contemporary authors, their times, and their countries. In that the literature of a country records its ideas, students at Saint Monica's are receiving a primary education in the life and people as well as comas and spelling in their English courses.

The use of the semi-language lab has aided the teaching in the girls' department for the past few years. Unsatisfied, though, with this improvision, Brother Romualo A. is planning the installation of more extensive facilities. Otherwise the boys' department is satisfied with its present language curriculum, which yearly receives many national lauds and awards. It is hoped that this high school study of foreign languages will help develop within the students a greater knowledge of their world.

History — a multi-meaning word at Saint Monica's including in its range American history, world history, and the history of government: senior civics. And as each class passes from course to course in the department, the majority of students find it no so hard as "they" said last year. This is due mainly to the capability of the teachers to present history as a vital subject. In doing this, the faculty have lead their classes to the knowledge that the use of history is learning from the past to judge for the future, to understand people and to rise to greater heights of character.

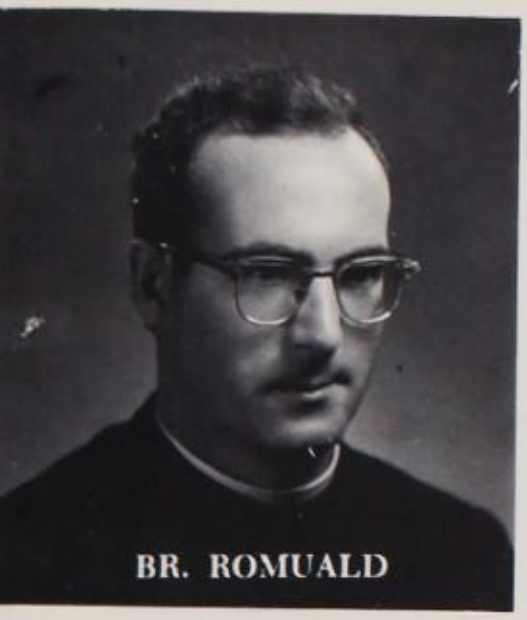
SCIENCE



BR. ROMUALD

Good facilities and an excellent teaching staff have combined to make the Science Department one of the most noteworthy at Saint Monica's. An increasing amount of student participation has aided the development of a unique student-teacher exchange: enthusiasm and application for knowledge and experience. "Man learns best what he teaches himself". In using this axiom, the students are urged to contribution — and not merely by question:answer methods, but by entire periods of student to class instruction and demonstration. The Science Department has also boasted student interest by the incorporation of SMSC series into its mathematic section. Thus these subjects most often plowed through by students are experiencing a growing popularity due mainly to the laudable method and quality of their instruction.

This year, the art department, including the courses of music, art, and homemaking, has added the compulsory subjects of music and art appreciation to the senior curriculum. With this extension has begun a positive attempt to revive the necessary cultural aspects of education.

The physical education department also has made some revisions. Mrs. Gunn, the new girls gymnastics teacher has lead in the move to provide a more extensive physical fitness program by obtaining a vaulting horse and acrobatic mats for the students.

Students prepare for life in the financial world through the SMHS business department. Typing, bookkeeping, and shorthand are taught boys and girls who wish to prepare for as well as those pursuing secretarial careers.

STUDENT LIFE

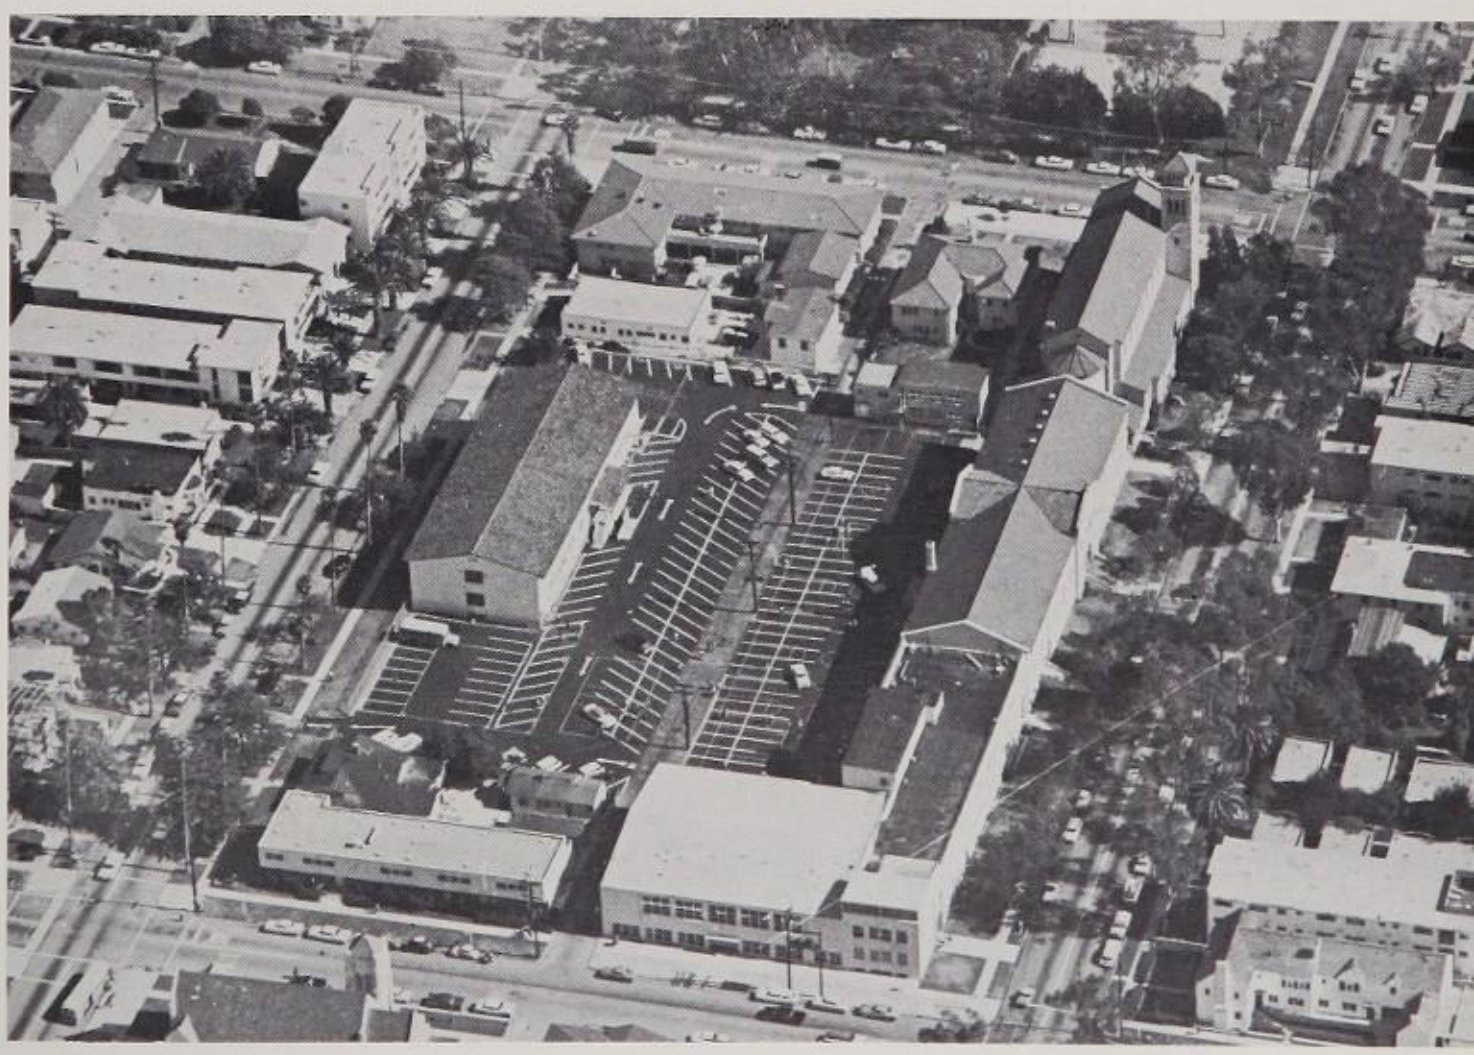
A particular school year holds as many meanings as there are adherents of a school system. For the student at SMHS, as in any other institution of its kind, the success of individual efforts in any phase of student life lies in perogative and determination. In portraying the general atmosphere of this year, we must explore both the events that happened and the feelings and moods of the people that made them happen, thereby obtaining a kaleidoscopic view of human action and reaction.

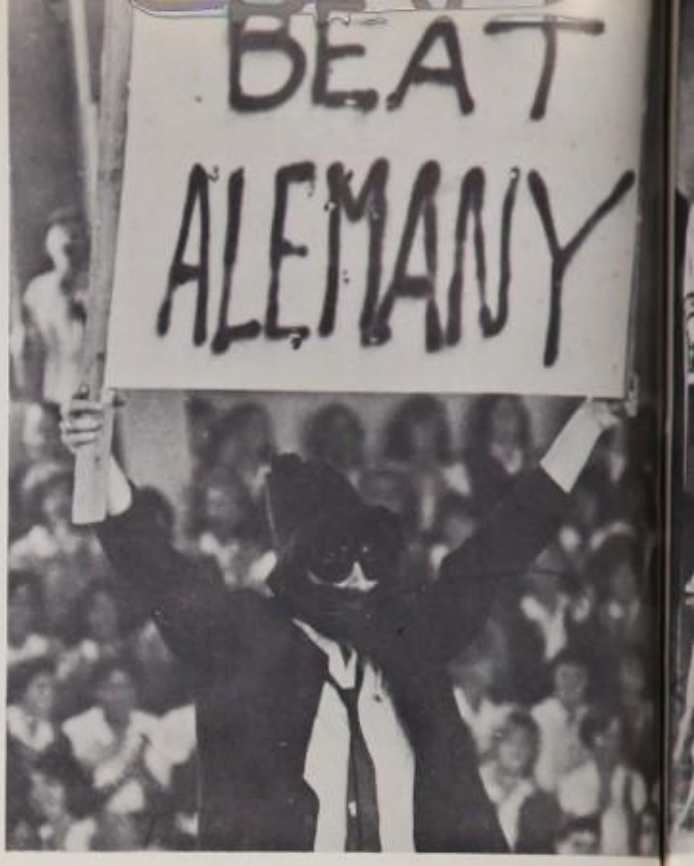
Registration, Frosh Orientiation, and Frosh Welcome Week marked the end of a comparatively carefree summer vacation and the beginning of another chapter in our academic careers. The joys of seeing and being with all your friends again; the new friends you made so easily; the deep feeling of belonging; the realization of many tedious hours to be spent in study and concentration; these are just some of the abstractions experienced in those wonderful hectic days.

As the days passed by at the dizzyingly fast pace, responsibilities grew more critical, studies more difficult, and sports events more exciting.

A very sad note was struck on November 22 when as you well know our ex-President John F. Kennedy was tragically and violently assasinated. The students of St. Monica's were very deeply affected and shared the grief and anger of the nation.

Finding the newness and unfamiliarity of the Freshmen wearing off and the initial enthusiasm of the older students being tempered, we noticed that life around Saint

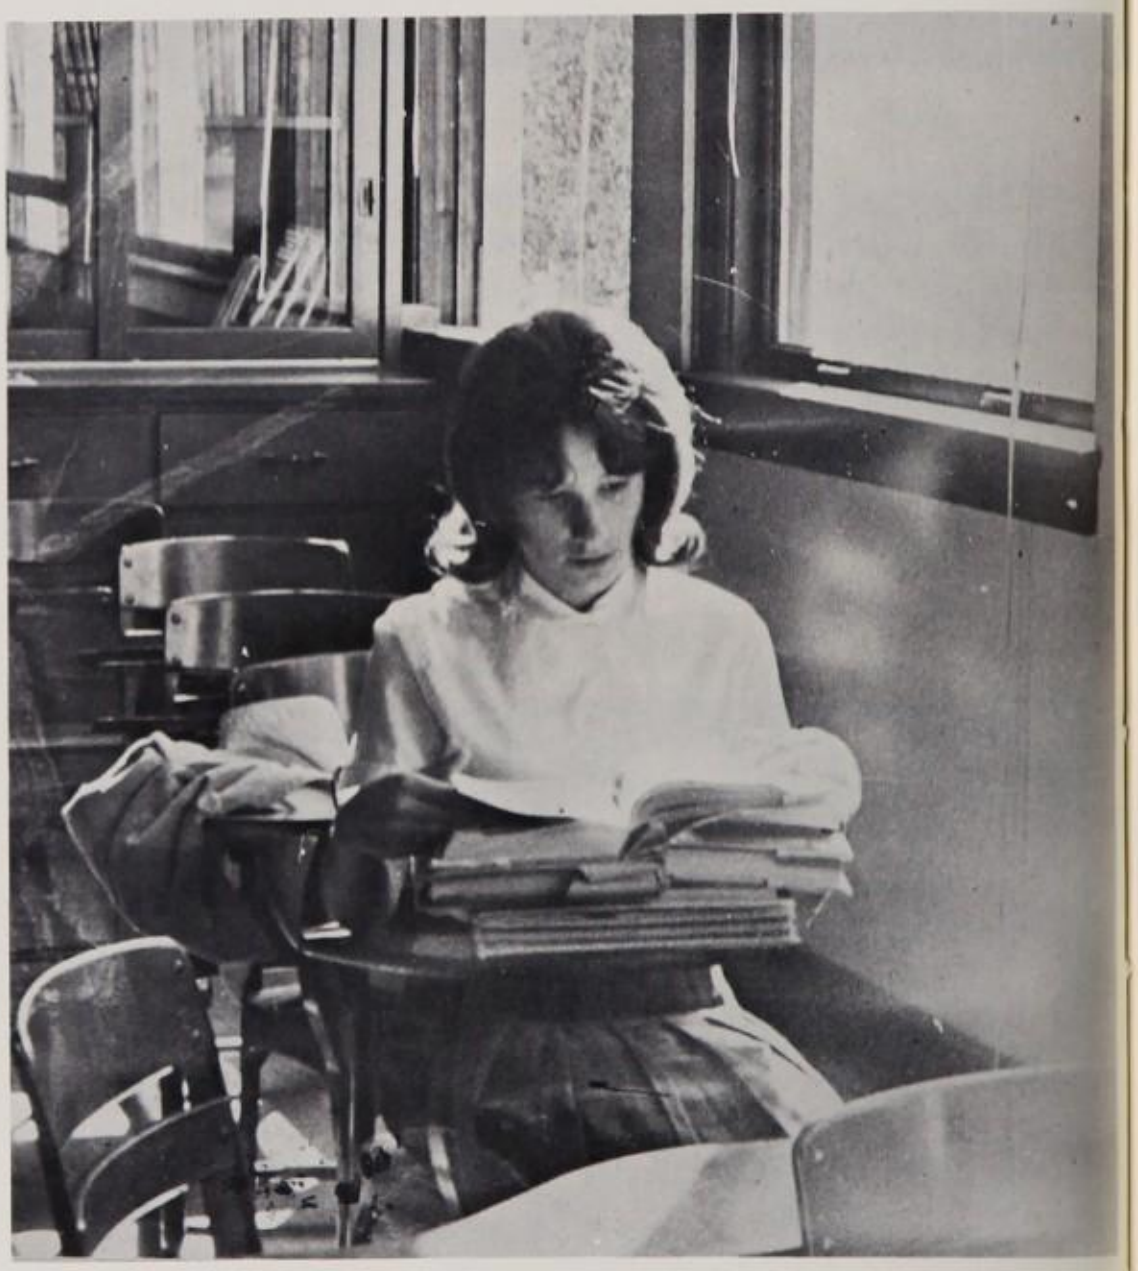


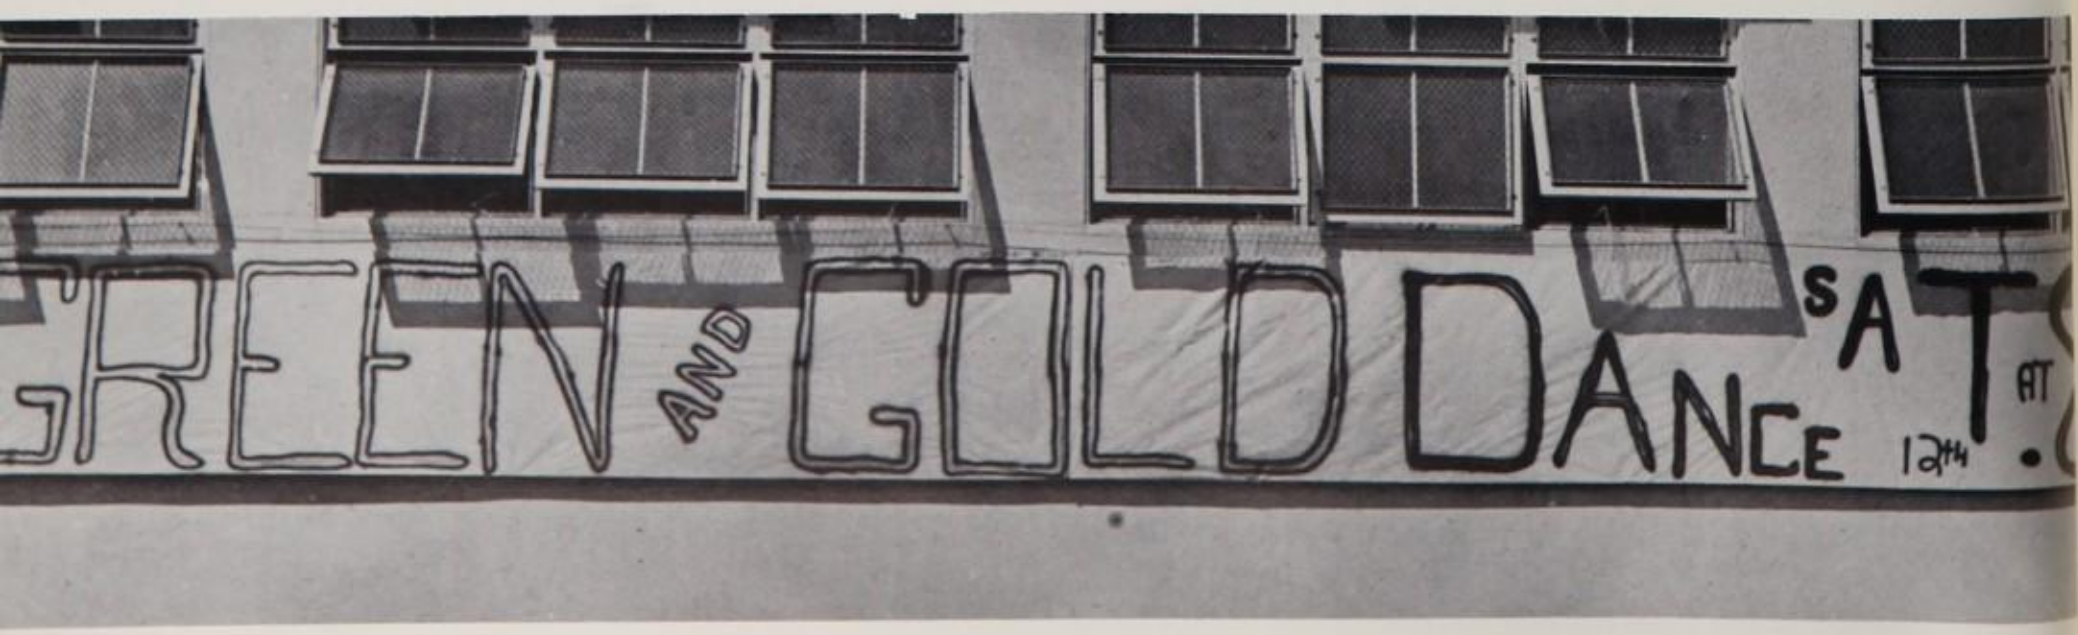


Monica's resumed to a steady pace; that the students realized it was time to get serious and get down to work.

Opportunities arise within the year allowing enthusiastiic students to participate actively in a vast range of activities.

Everything from dances to sports events and class functions are covered in the vast schedule of inter-scholastic and inter-departmental events. Activities are very essential assets to the social and psychological atmosphere of any school, for they give the students a chance to improve their social habits while also making many memorable moments for themselves.

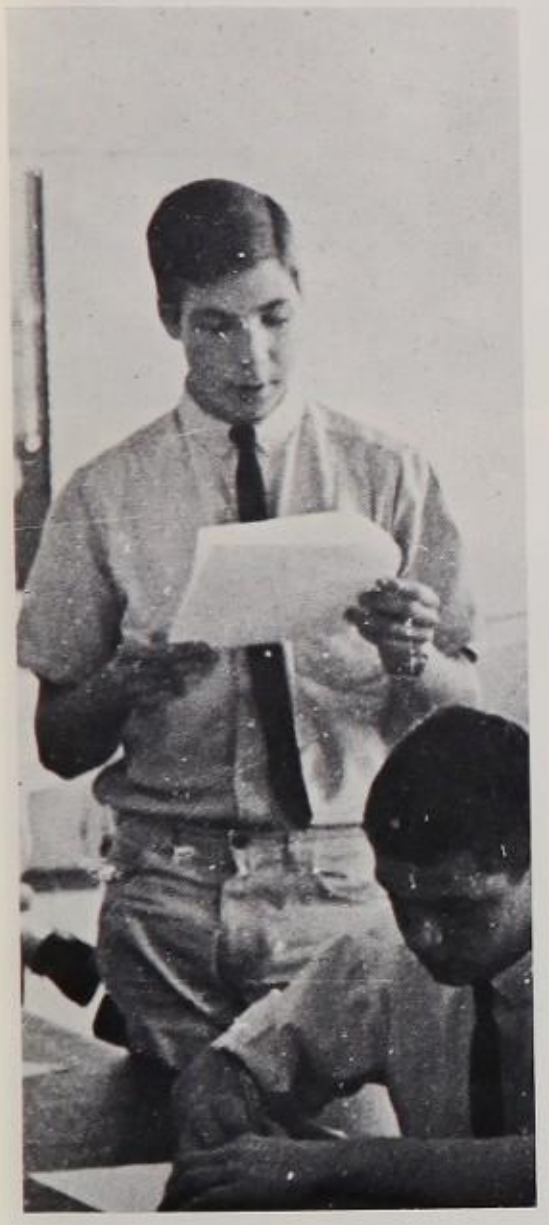


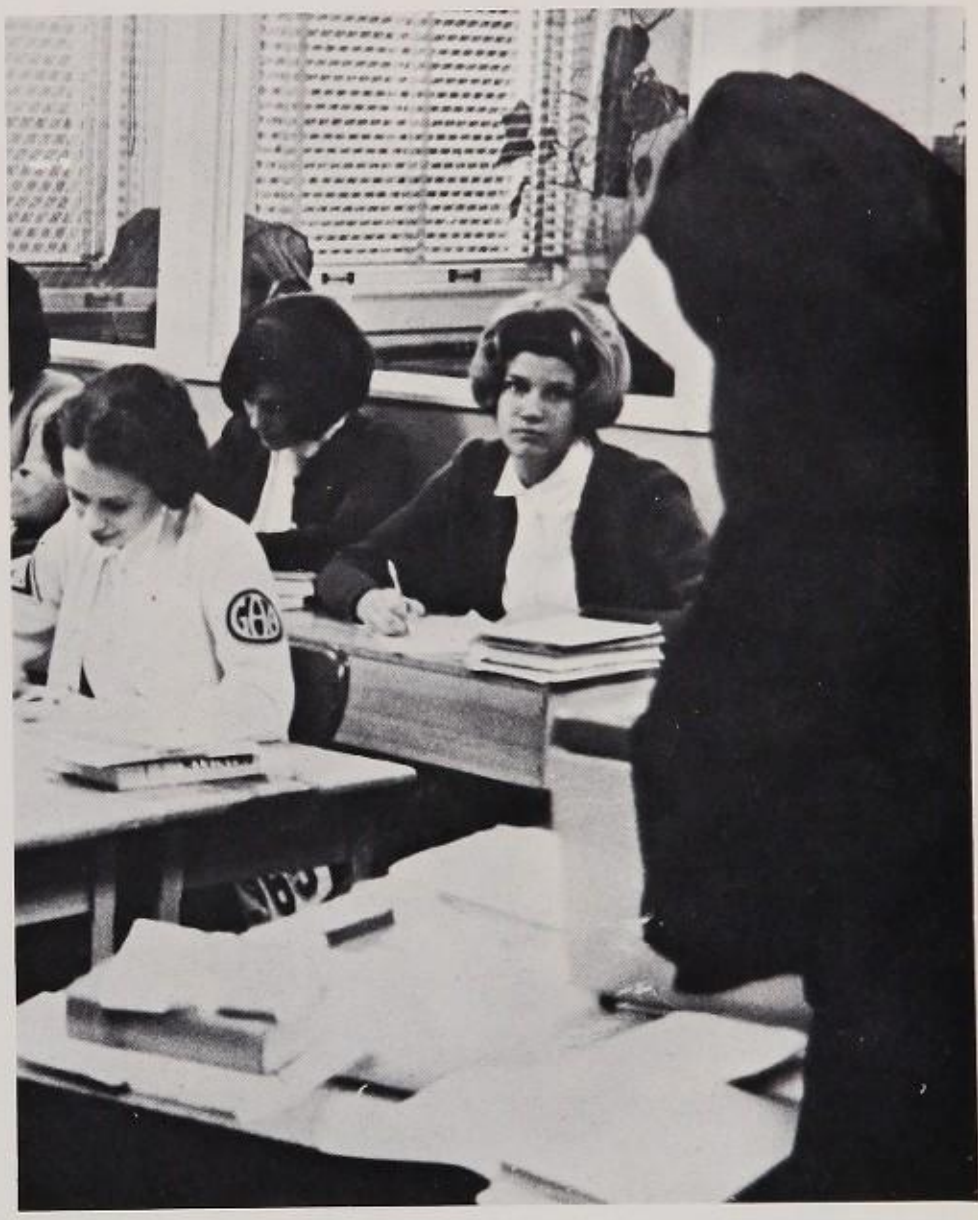


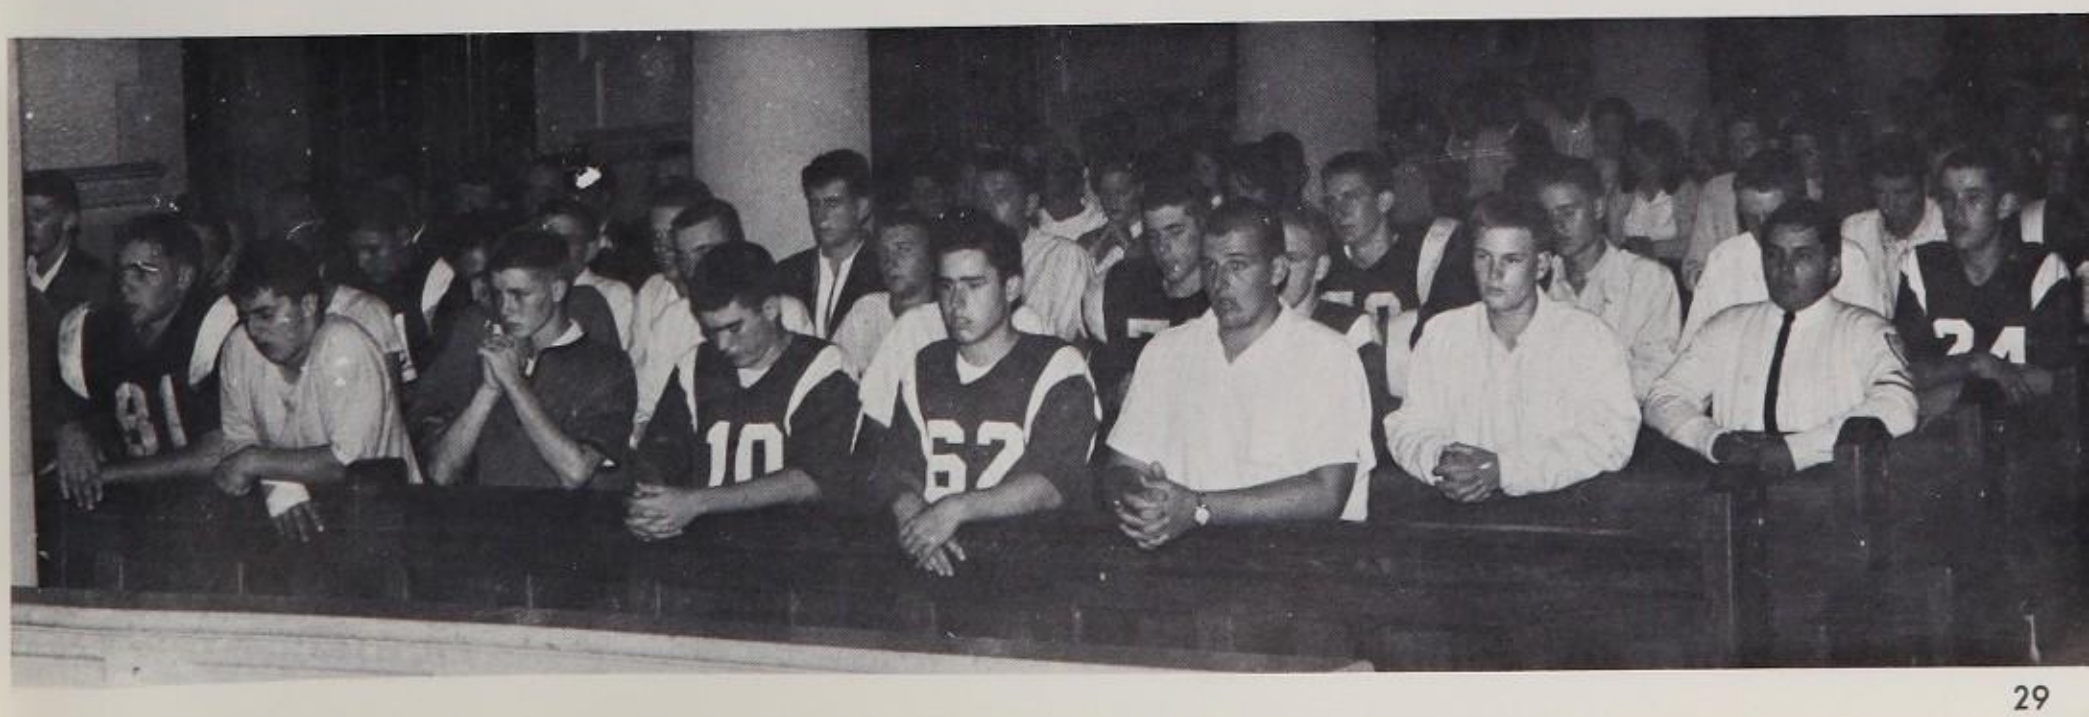
GREEN AND GOLD DANCE SAT

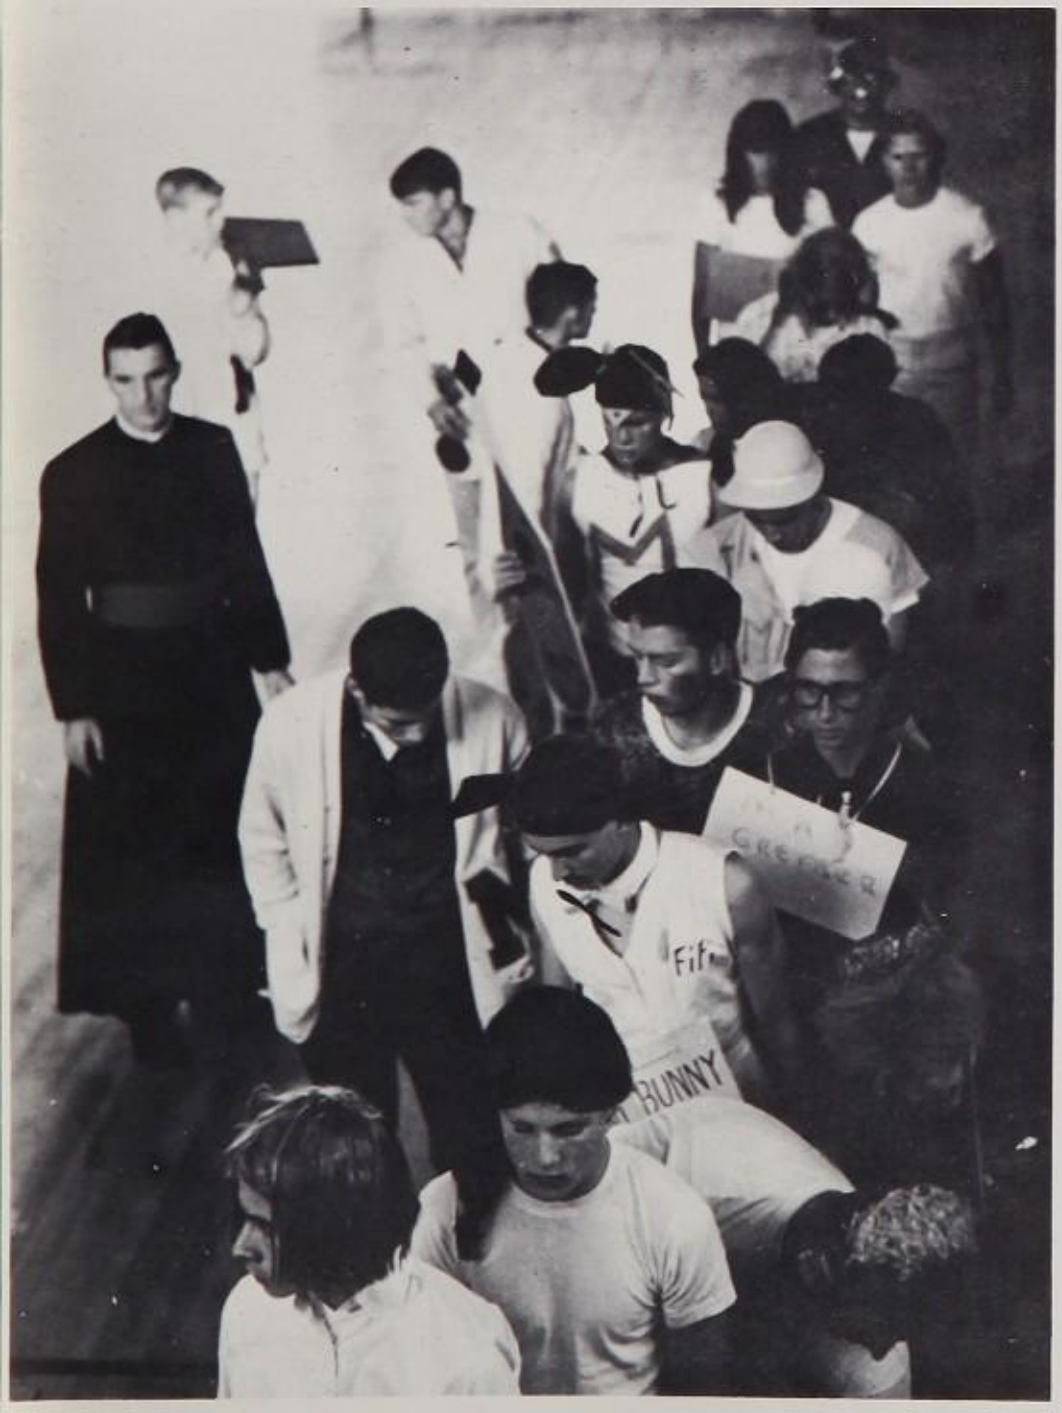
With all the organizations having resumed full operations and the student body being well aware and enthusiastic towards their responsibilities, the faculty and the students busied themselves about performing their part in the various academic, religious, athletic, and organizational aspects of our school. Some did it quietly, and consistently; other did it quite loudly and radically; and still others didn't do anything at all. But this is true for any school at any time, it all depends on what types of people you have.

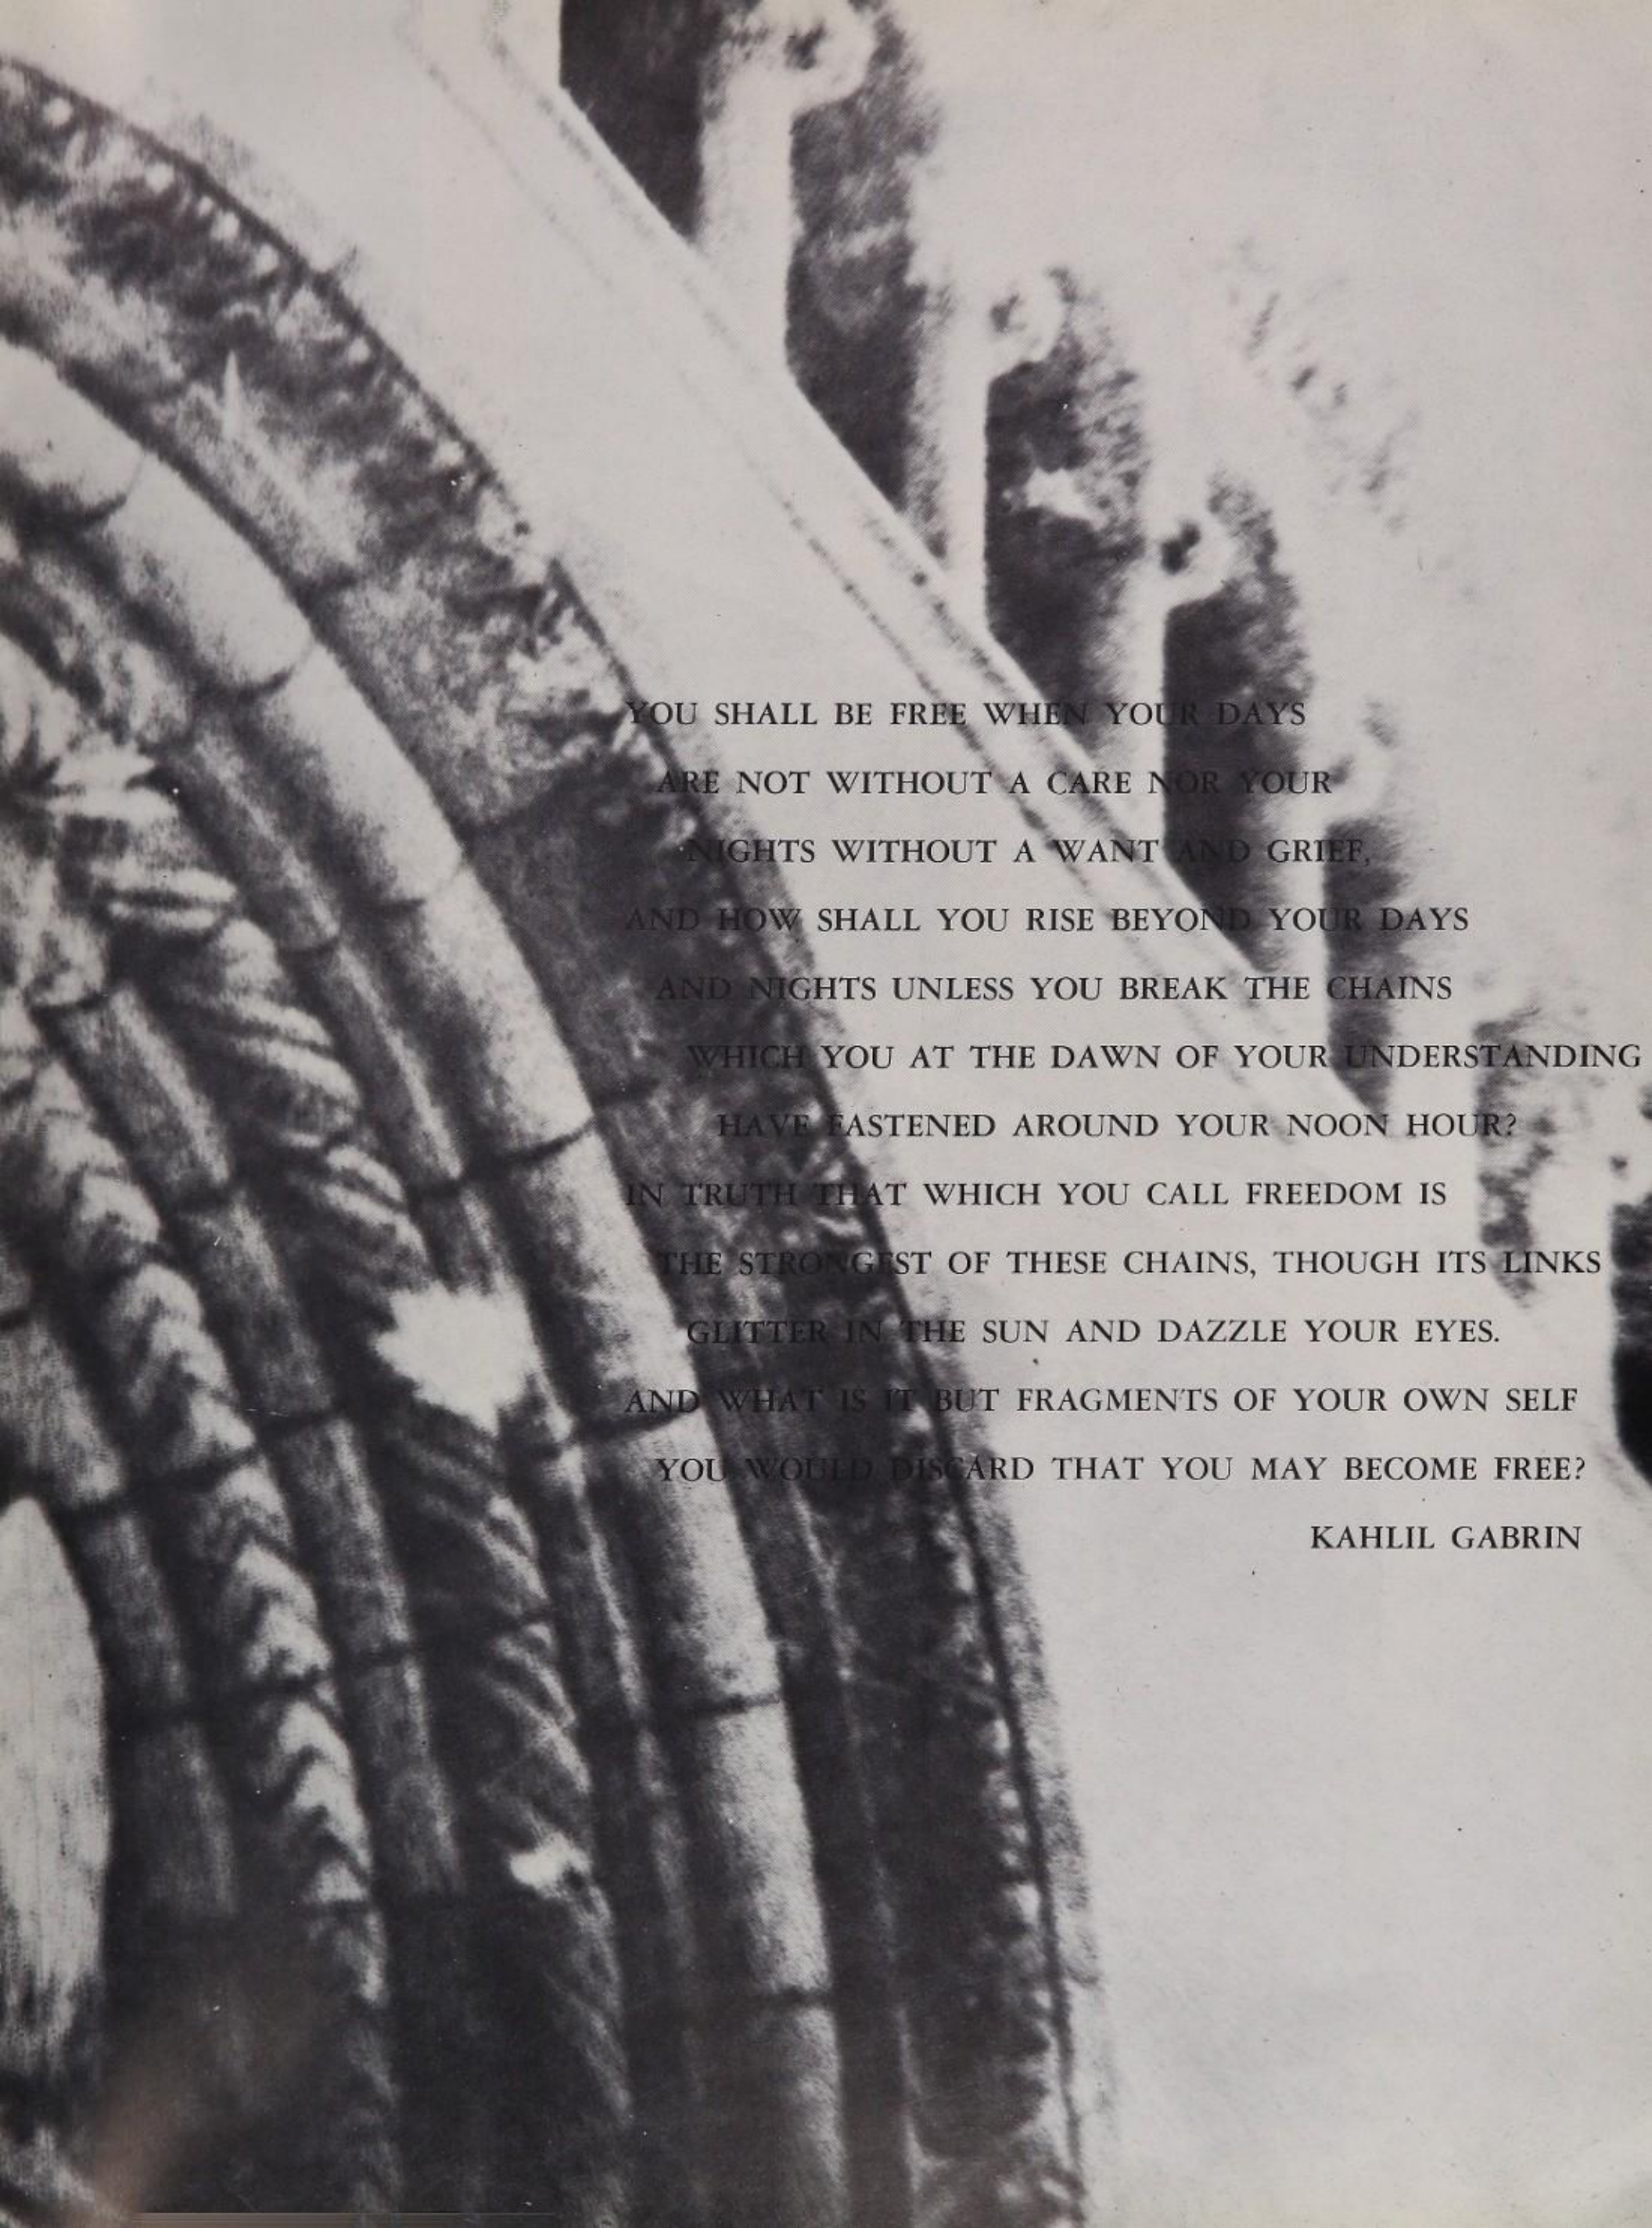
Life proceeded hurriedly towards the ultimate end of another year and the final commencement activities for the Seniors. Speculation is all that is left then. Trying to analyze the successes and failings of the student body and the faculty during the session is the task of the administrators. It is up to the individual to scrutininze to what advantage he used the opportunities that confronted him. All told this year could be considered one like all the rest, filled with just as many good times and disappointments as always.











YOU SHALL BE FREE WHEN YOUR DAYS
ARE NOT WITHOUT A CARE NOR YOUR
NIGHTS WITHOUT A WANT AND GRIEF,
AND HOW SHALL YOU RISE BEYOND YOUR DAYS
AND NIGHTS UNLESS YOU BREAK THE CHAINS
WHICH YOU AT THE DAWN OF YOUR UNDERSTANDING
HAVE FASTENED AROUND YOUR NOON HOUR?
IN TRUTH THAT WHICH YOU CALL FREEDOM IS
THE STRONGEST OF THESE CHAINS, THOUGH ITS LINKS
GLITTER IN THE SUN AND DAZZLE YOUR EYES.
AND WHAT IS IT BUT FRAGMENTS OF YOUR OWN SELF
YOU WOULD DISCARD THAT YOU MAY BECOME FREE?

Men should be judged by their actions, not by their words. With this in mind, we will now set about the challenge by which we are forever confronted, the present. Therefore we shall not put forth any trite and blase expressions attempting to pay tribute to our pedagogues. We wish rather that by fulfillment and excellence in our duties in life we may thereby present to our mentors the greatest possible respect.

JUNIORS

The Junior Year . . .

This is a year of remembering and looking onward . . . of remembering the misty uncertainness of your Freshman year, the leaden quality of the jolts when you were a Sophomore . . . of looking onward, filling the frame you've built, yet unable to speak of your desires of completing it. But most of all, this is a year of doubting, of searching, of thinking . . .

And how can words describe these thoughts of life — so pulsating and vibrating as they are? How do you speak of the responsibilities you know of only intuitively — so near with approaching adulthood?

For the Junior year is a time for "putting away the things of a child." It is standing silently, materials and tools in hand, beside the rising frame of your character — and your life. But the foundation is yet to be completed . . . And so you work fast and furiously — racing against time, realizing that these next two years will melt into molten past as quickly as did the last two. And suddenly, there you are, standing on the brink of your Senior year . . . stepping back, you view your work. There, the dust not yet settled, is the substantial beginning of your life, your citadel . . . Now things are outlined more clearly, and quietly you turn towards next year, towards all the years to come. Somehow you realize that you have put away the things of a child . . . you stand with shoulders squared, an individual.

SOPHOMORE YEAR?

It is a losing of the green look of grammar school and the red look of freshman embarrassment yet retaining a wetness behind the ears, an impetuosity. Above all, sophomore year is an awakening. This jolt, from the dream realm of childhood to the realities of young adulthood seems harsh at times; but aren't all awakenings like that? Life is in too great a hurry to shake you gently as she opens your eyes. So, with a start, you see the seamy side of life alongside the good, the world and its problems, people, too, and their characteristics—the Christlike equally with the wrongful. A maze of ideas and realizations runs you like a roller coaster from hope to despair, from disappointment to enchantment. Further, sophomore year is plugging along in a seemingly gray world of last minute assignments and eleventh hour preparations from which the only relief is a preserved childlike forgetfulness. Those problems, so immediately overwhelming, tend to render themselves out of mind, when out of sight; and release is found in hard playing, loud cheering, and ridiculous, impetuous fun. This is the Sophomore Spirit. Use it. Mature with it.

Some were forward and confident, but for most Freshmen this was a year of shyness and confusion. There were moments of awkwardness and disappointment, but these were more than balanced off by the happy ones. As soon as the unfamiliarity of new faces and activities wore off, they began to unify, and became an integral part of our school society. We hope that this new-found unity and school spirit will develop to its greatest potentials, thereby bringing about a growth of inter-departmental unity and student participation. These, our newest members, are to be congratulated on having effectively made the great transition and proved themselves a credit to all that St. Monica's stands for.

Letterman Initiation is the most hectic and interesting of the Club's various activities. It also sponsors two parties yearly, the weekly lettermen's Mass, and also acts as an honor guard at most official ceremonies. This year the Club's membership soared to new heights including more than 65 members in all.

NAVIGATORS

The drill team commenced its first performance in the autumn of '61. Under the guidance of Cathy Pringle and the leadership of Norma Lotzer, the Navigators marched toward greater horizons. Halftime performances centered around the fun and excitement of the football games. During the next season the color of costumes along with batons and flags added a new highlight to the performances. Spirit rose to greater heights making the Navigators more than ever a part of St. Monica's. With the coming of the Third year, Ginger Hatfield entered in as the new directoress. The La Ballona parade climaxed the various activities.

Long summer practice preceeds every season. Fun, along with hard work constitutes the success of the drill team. As the Navigators performed, they strived to promote spirit and friendship among students, among people. The Navigators — another segment in Student Life.

BROTHER DOMINIC, Moderator

The Pep Club Bulletins were first introduced this year.

RAY SABERSKY, President

Pep Club

Dedicated to serving our Alma Mater, the Pep Club has in three short years come to be recognized as an integral part of the great school spirit at St. Monica's. Able leadership and active membership have combined to make this the club's most successful year thus far. Guided by a sound constitution and growing traditions, the Pep Club's thrust is forward and upward.

First Row: Paul Daspit-Treasurer, Tom Mira-Vice-President, Joe McCormick-Secretary, Ray Sabersky-President, Bill McCormack, *Second Row:* Mike Guttierez, Larry Roth, Terry West, Perry Van Hook, Drew Allen, Tim McCaleb, Mike Durovchic, Greg Posley, Tom Morrisin, *Third Row:* Mike Collier, Phil Jurich, Tim Milne, Bruno Tonin, Dennis Orlando, Dave Satler, Andy Edwards, Bill Walsh, *Fourth Row:* Roger Tonin, Alfons Binder, Mike Dolley, Ed Hanley, Pete Thompson, Wes Thompson, John Green, Bob Siglock, Mike Messmore, Mark Strong, Roy Theriot, Tony Scott.

Brother Dominic played a very active part in both the Pep Club and the Publicity Committee.

Publicity Committee

The Publicity Committee is an active group of dedicated students who publicize all functions at St. Monica's High School. Under the enthusiastic leadership of Bill Diebold, this committee has received many accolades from the students for their creative and aesthetic displays which so often caught the eye on the corridor bulletin boards and throughout the campus.

The Compass recognizes the effort, time, and expense of this thriving Committee and highly commends its dedication, zeal, and talent.

is a good picture. Albanese looks like a nut. Bill, you are going down to the darkroom? You kidding? nobody can get in. Dillon's got the key. What's here, Ron? Mmmmm. What a picture! It's the other way, Bill. I know another you can use. That one of Weber with the smile. I think that one's funny. No, No. Not that. I thought it was OK. These aren't all the pictures you got for Student Life, are they? These aren't going in. You had one in the Senior Section . . . better not use it. I dunno. It's good. There's one of Fr. Meskill. Oh, guy, you gonna put that in? I think so. I know she's Homecoming Queen, but you've got her going through the whole book. She wouldn't like it if you put this one in. Hey, these negatives are reversed. Oh, dry up. Yeah! Why don't you put this in here next to there as a joke? Hey, think this ought to go in? Ron, here's your page. You want her in a big picture? She doesn't even go here. Hi, people, hi Doody. This is a good picture. Oh, dry up. Think this is any good? Yeah. That's a good idea. Hey, put this in Student Life. That picture'd better not go in. I'm serious, Ron. You look funny, though, Ray. Lemme see it, Ward. Don't kill him . . . he's the best photographer on the staff. Ray,

After a lapse of a few years, Saint Monica's has renewed the tradition of a mixed choir. The choir plays an important role in parish and school functions. It is responsible for a Missa Cantata each month, together with Christmas and Easter Masses. The Choral com-

bines with the Choir to present a Yuletide program and the Spring Festival. of Music for the Student Body. Under the direction and guidance of Sister Dorothea Rose, these students have excelled in this past year with a spirit of enthusiasm and perserverence.

WHEN LOVE BECKONS YOU, FOLLOW HIM,
THOUGH HIS WAYS ARE HARD AND STEEP.
AND WHEN HIS WINGS ENFOLD YOU YIELD TO HIM,
THOUGH THE SWORD HIDDEN AMONG HIS PINIONS MAY WOUND YOU.
AND WHEN HE SPEAKS TO YOU BELIEVE IN HIM,
THOUGH HIS VOICE MAY SHATTER YOUR DREAMS AS THE
NORTH WIND LAYS WASTE THE GARDEN.
FOR EVEN AS LOVE CROWNS YOU HE SHALL CRUCIFY YOU.
EVEN AS HE IS FOR YOUR GROWTH SO IS HE FOR YOUR PRUNING.
HE THRESHES YOU.
HE SIFTS YOU FROM YOUR HUSKS.
HE GRINDS YOU TO MAKE YOU PLIANT; AND THEN HE
ASSIGNS YOU TO HIS SACRED FIRE, THAT YOU MAY
BECOME SACRED BREAD FOR GOD'S SACRED FEAST.
BUT IF IN YOUR FEAR YOU WOULD ONLY SEEK LOVE'S
PEACE AND LOVE'S PLEASURE,
THEN IT IS BETTER THAT YOU PASS OUT OF LOVE'S THRESHING FLOOR.
INTO THE SEASONAL WORLD WHERE YOU SHALL LAUGH BUT NOT ALL
YOUR LAUGHTER, AND WEEP, BUT NOT ALL YOUR TEARS.
FOR LOVE POSSESSES NOT NOR WOULD IT BE POSSESSED;
LOVE HIVES NAUGHT BUT ITSELF AND TAKES NOT BUT ITSELF.
LOVE IS SUFFICIENT UNTO LOVE.

As time approached plans began for the annual Senior Tea. Each year the tea is presented by the faculty and the senior girls; the honored guests being the mothers of the girls. The crisp colorful season of autumn revolved as this year's theme. The Senior Tea has become an established and well-loved tradition.

The first victory of the season.

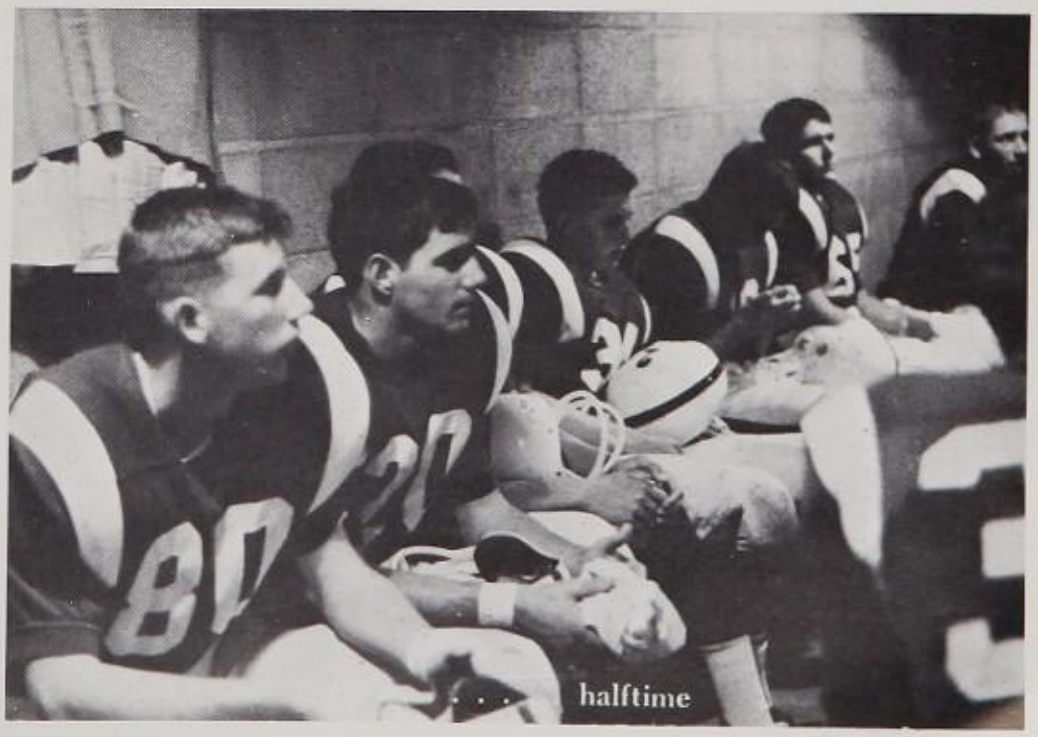
ST. MONICA'S vs LUTHERAN

The Mariners won but lost Bob Elliott. Quarterback, Ken Hector, led the Mariners in their 1963 debut by passing for 206 yards, including two touchdowns, and running 11 yards for the other score. The final score of 19-13, however was not indicative of the game which the Mariners dominated from the opening whistle.

Bob Fabiona fights opponent for pass.

ST. MONICA'S vs HARVARD

The Mariners defeated Harvard with a score of 31-13 on five big plays. Mike Marfori scored 2 touchdowns on 77 and 26 yard runs. Bob Klein caught a Ken Hector pass for an 18 yd. touchdown. Bob Fabiano intercepted a pass and ran 76 yards for a touchdown and Clem La Chemia returned a kick for a 95 yd. touchdown and was honored as Bay Area Player of the Week. This win gave the Mariners 2 wins and no losses and a lot of spirit.



halftime

Fabiano gains yardage around the end.

ST. MONICA'S vs ALEMANY

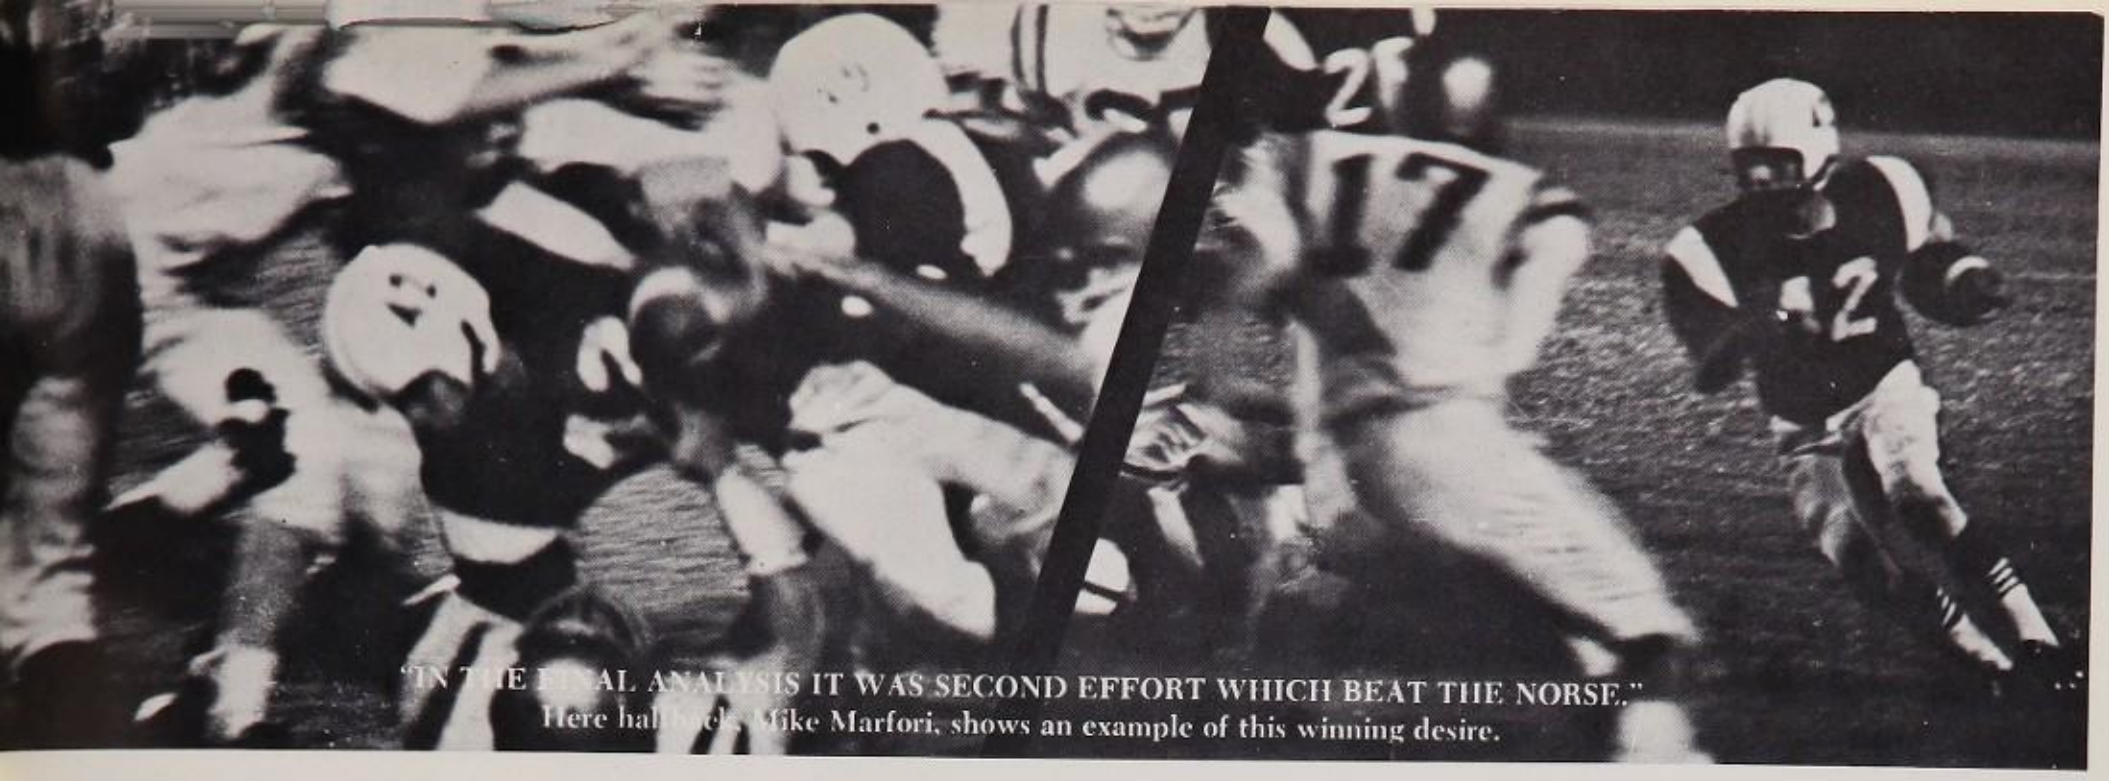
A tribe of big and speedy Indians invaded Corsair field to give the Mariners their first loss of the season. St. Mo's surprised Alemany with a single wing offense which worked with considerable success. However, the big and faster Indians proved too powerful for the Mariners.

End, Bob Klien, scores touchdown on spectacular catch.

"If you don't yell, I'll jump!"

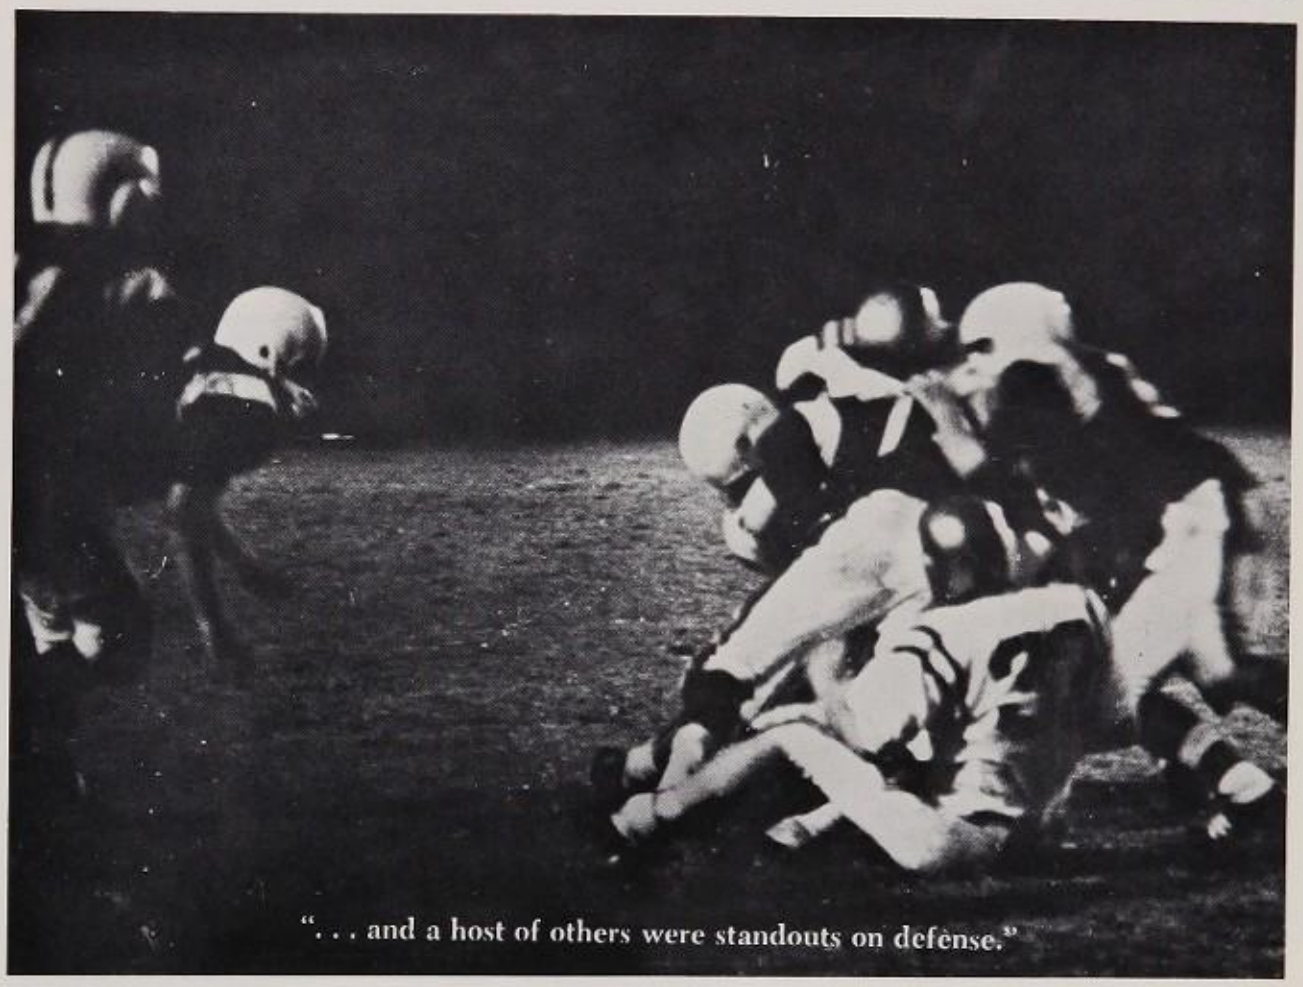
ST. MONICA'S vs EL SEGUNDO

In the football the best team doesn't always win and it isn't sour grapes to say the Mariners should have won. The Mariners were in complete command until the officials decided El Segundo was the host school. Richard Havel was the outstanding player on the field. It was a nightmare for the Mariners and El Segundo's contribution to Ripley's "Believe it or not."



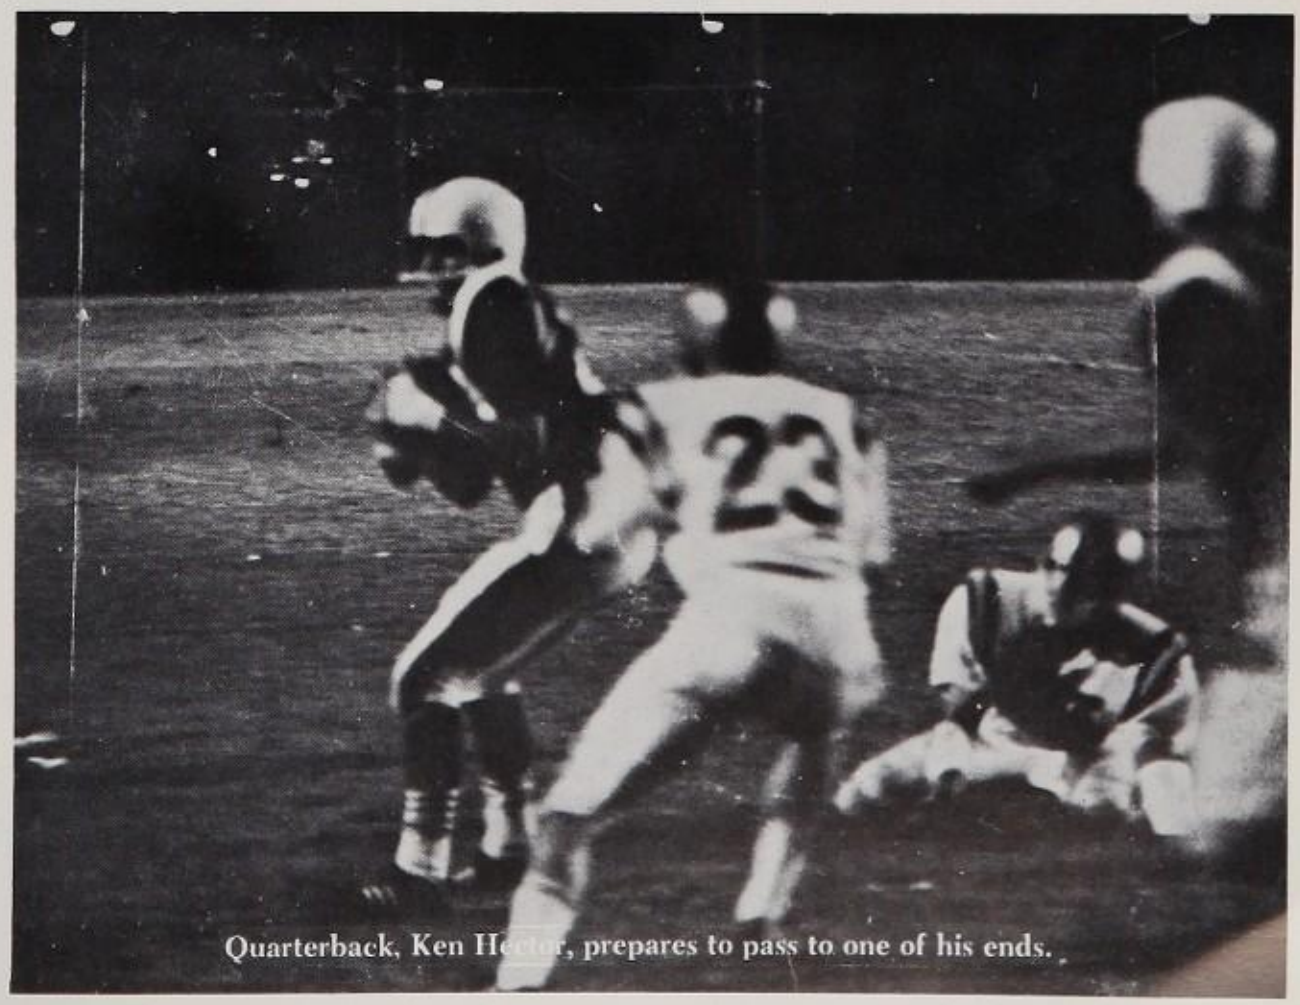
"IN THE FINAL ANALYSIS IT WAS SECOND EFFORT WHICH BEAT THE NORSE."
Here halfback Mike Marfori, shows an example of this winning desire.

St. Monica's relentlessly pounded away at St. Bernard's line enroute to a 20-7 victory that will long be remembered by players, coaches, and fans. Tom Mack and Dennis Tillesmans proved that their side of the line was just as strong as Richard Havel's and Julian Mesa's, as they paved the way for halfbacks Mike Marfori and Clem LaChemia, and fullback Bob Fabiano. Quarterback Hector threw to ends Bob Klien and Terry Flanagan for good gains. Stan Logsdon, Dennis Orlando, Mike Boveri, and a host of others were standouts on defense. In summing up the game you could say, "St. Mo's seniors wanted to win this game and they did!"

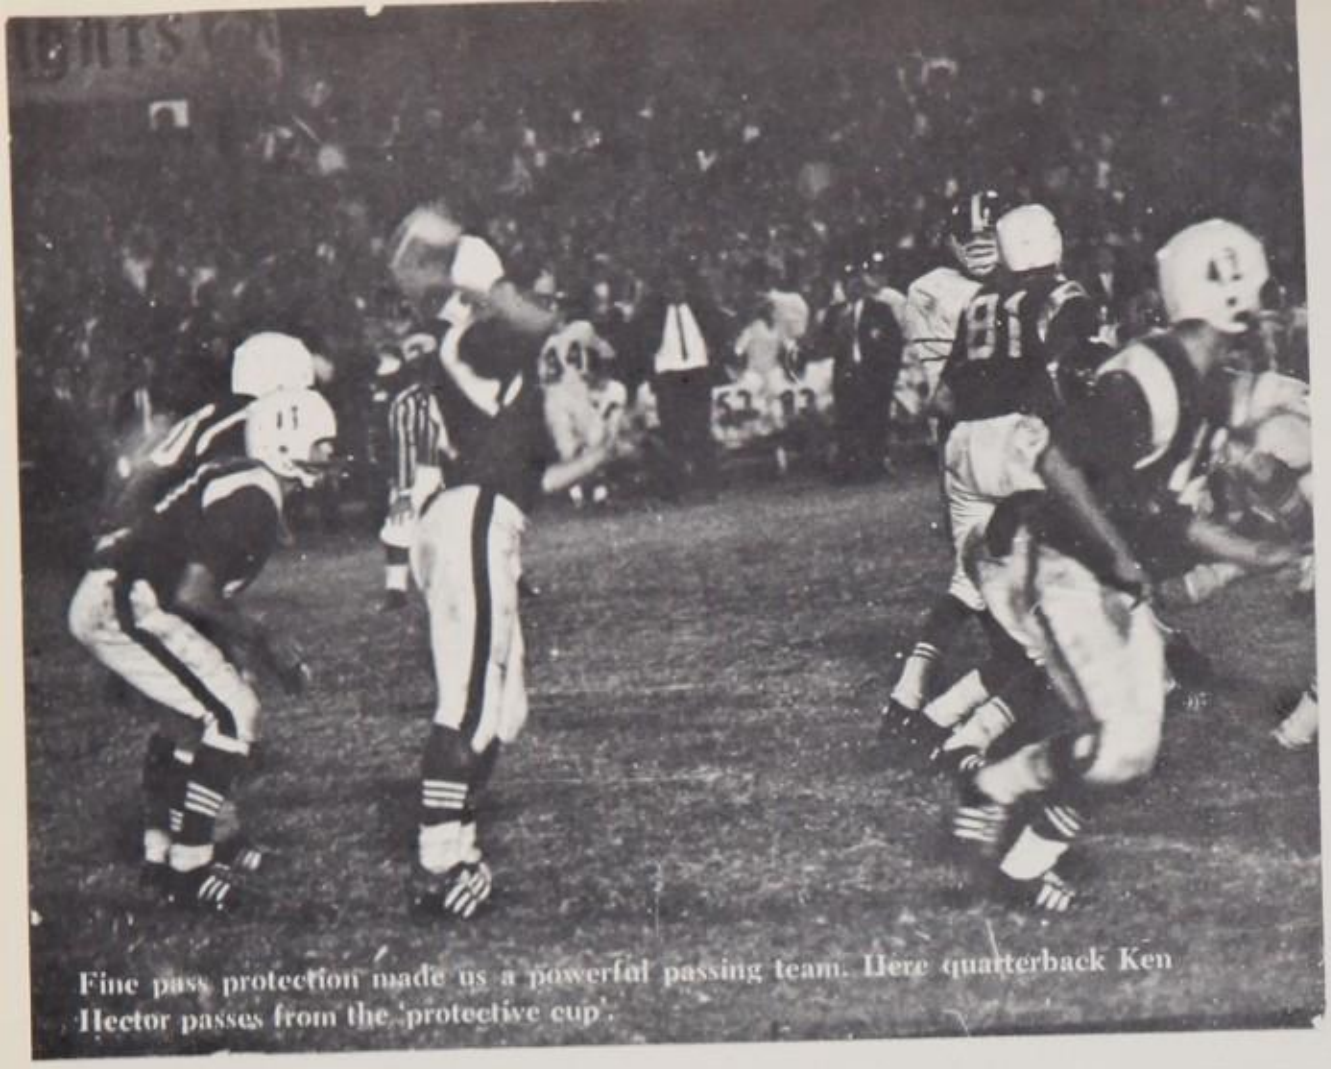


". . . and a host of others were standouts on defense."

. . . we won



Quarterback, Ken Hector, prepares to pass to one of his ends.



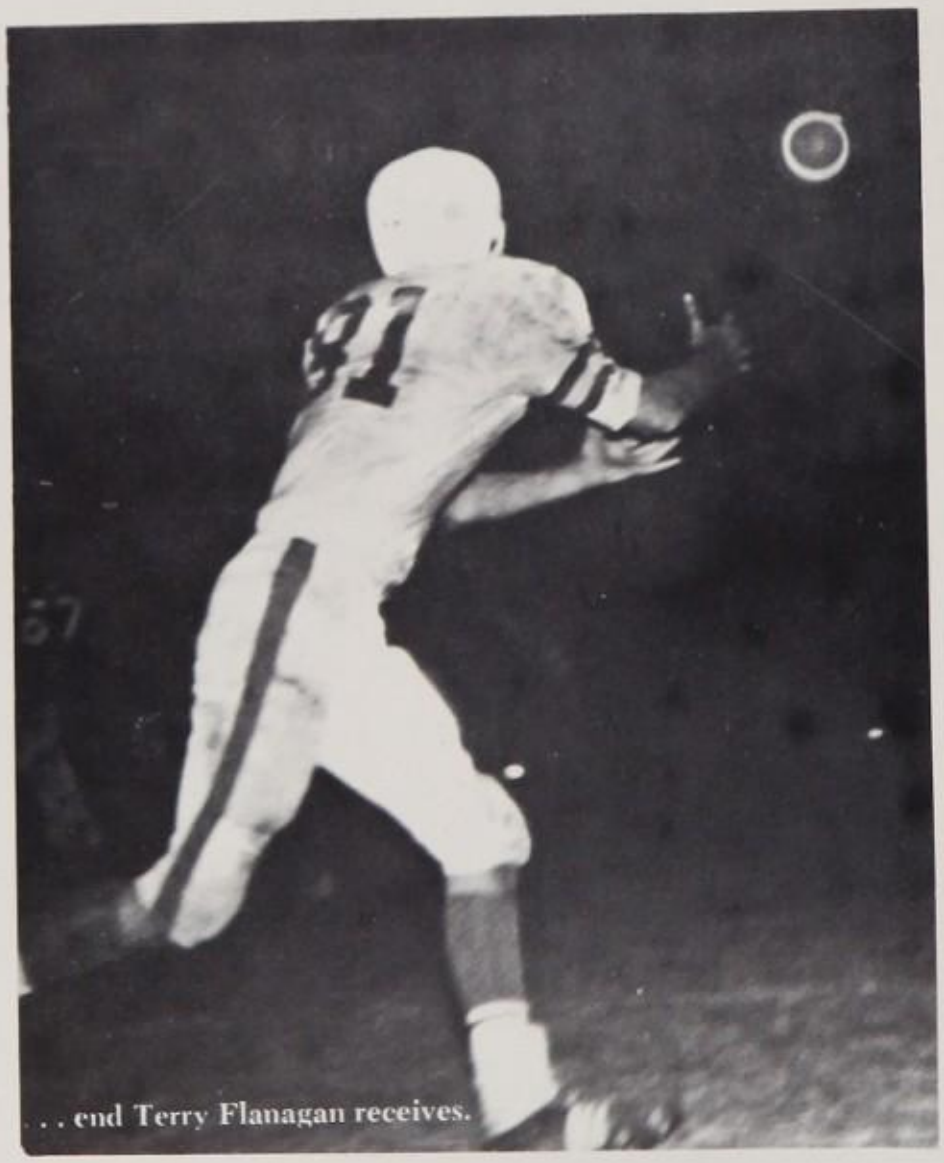
Fine pass protection made us a powerful passing team. Here quarterback Ken Hector passes from the 'protective cup'.

ST. MONICA'S
vs
MONTGOMERY

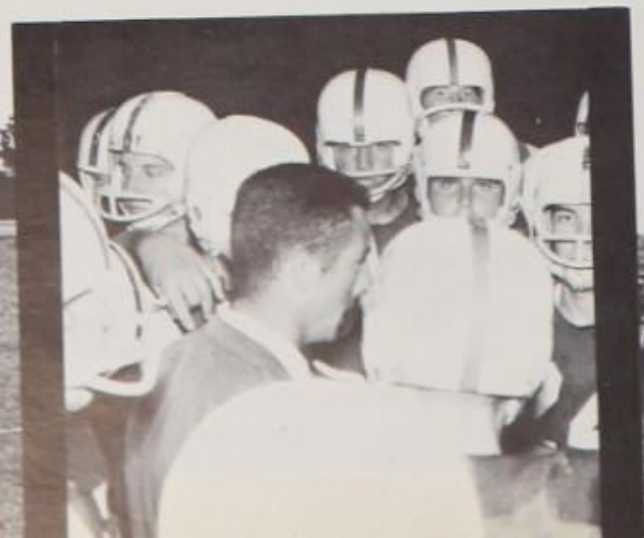
Saint Monica's couldn't stop the passes of Bishop Montgomery and lost the game 13-7 to send the Montgomery Homecoming crowd home happy. It was a sad night for Mariner fans who found themselves cheering a long gain by Stan Logsdon only to find out there was a penalty flag down on the field, or applauding a fine catch by Bob Klien or Terry Flanagan only to find it nullified by another penalty.

ST. MONICA'S
vs
VIANNEY'S

Still riding on their victory over St. Bernard's last week, St. Monica's rolled on to a 39-13 win over the big red Nobles. The defense against Vianney's big single wing team stopped everything they had. Terry Flanagan picked up a noble fumble and ran 30 yds. for a touchdown, before anyone knew who had the ball. Hard nose defense was played by Richard Havel, Julian Mesa, Mike Boveri, Bob Klien, and defensive backs Dave Gossman, and Jim Sprigg.



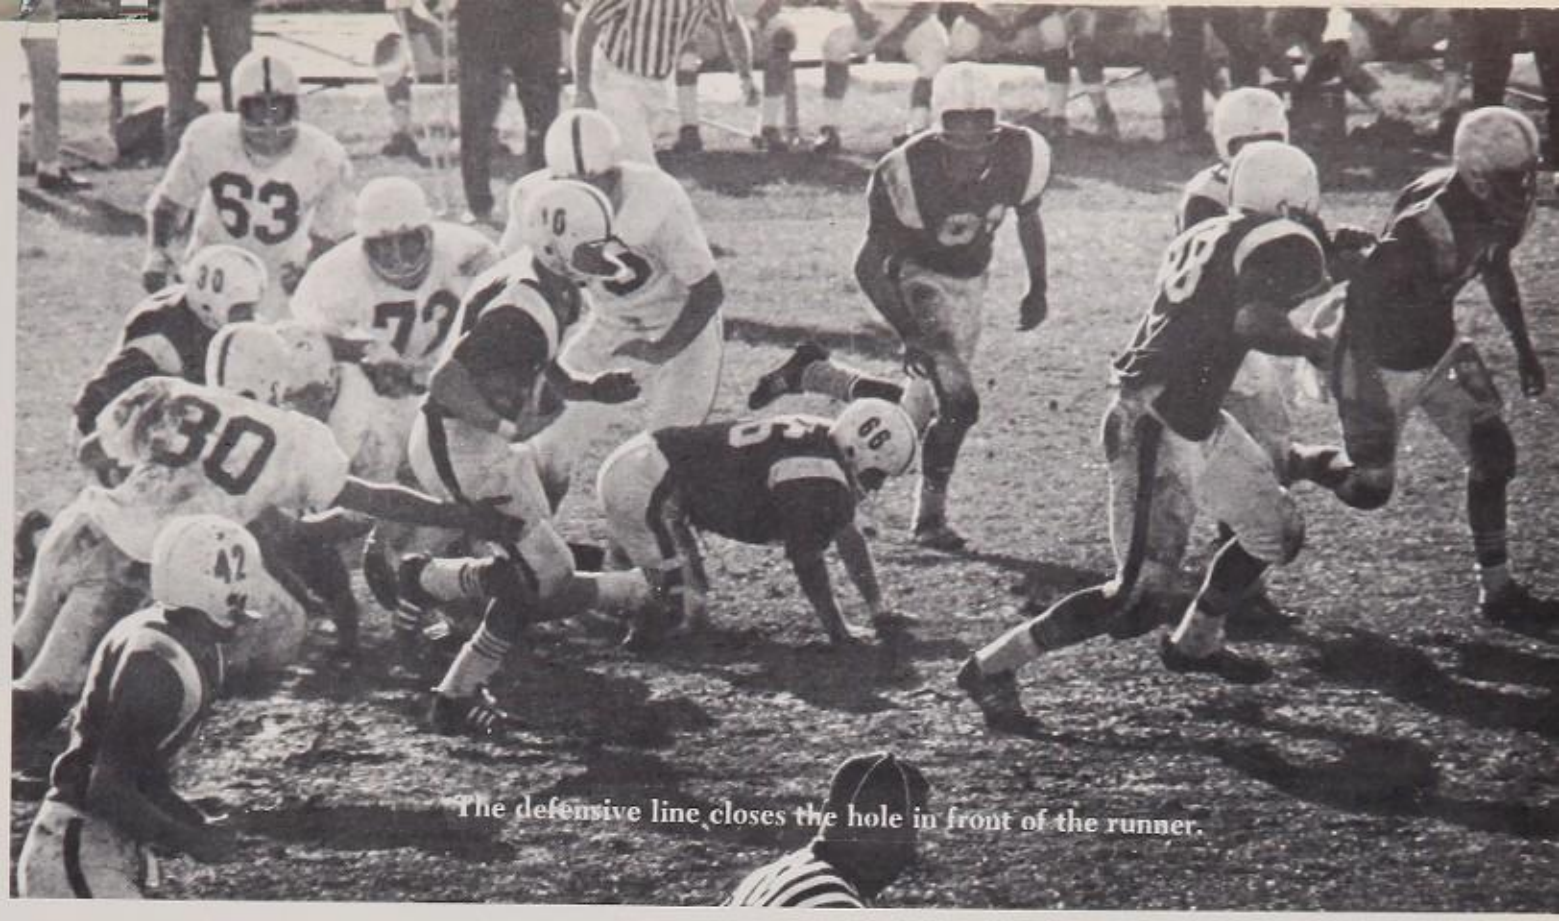
. . . end Terry Flanagan receives.



MARINERS vs LASUEN

PADRES WIN ON A LUCKY PASS was the headlines in the newspaper. St. Monica's played their toughest foe, played their best game, and lost on a broken down 4th down play with 1:25 left to play in the game.

The Mariners were a spirited football team and almost walked off with a C.I.F. berth. They lost the game but won the hearts of football fans on both sides of the field. Lasuen didn't have the ball in Mariner territory in the first half thanks to some great defense by Richard Havel, Terry Flanagan, Bob Klien, Terry Gorman, Tim Morris.



The defensive line closes the hole in front of the runner.

MARINERS vs CRESPI

Homecoming, 1963, the field was wet, the weather was cold and so was St. Mo's. It should have been a better ending for a fine, spirited 1963 Mariner football team. You could have been 8-1, but you were only human. Thanks seniors for all the memories: Richard Havel, Terry Flanagan, Stan Logsdon, Ken Hector, Dennis Orlando, Rene Torres, Buzz Wizda, Dennis Tillesmans, Bruno Tonin, Tom Lennon, Dave Gossman, Mike Marfori, Tom Mack, and fullback Bob Elliott.

Halfback, Mike Marfori, leads his counterpart Clem LaChemia around end.

The defensive line leaves no hole for the opposing team

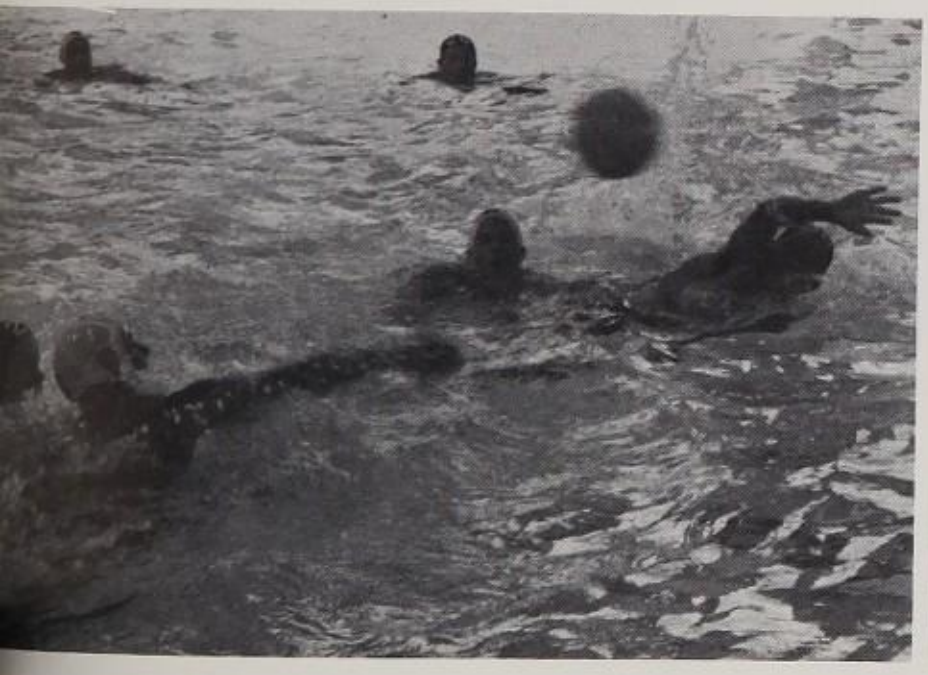
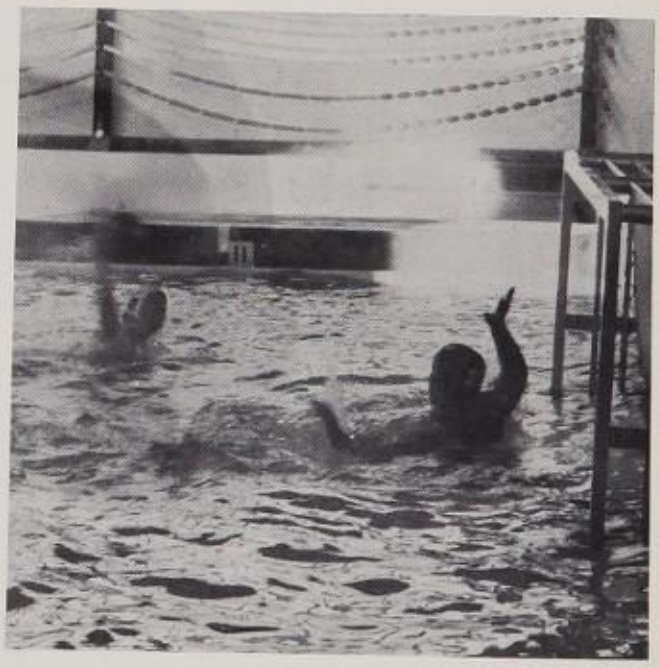
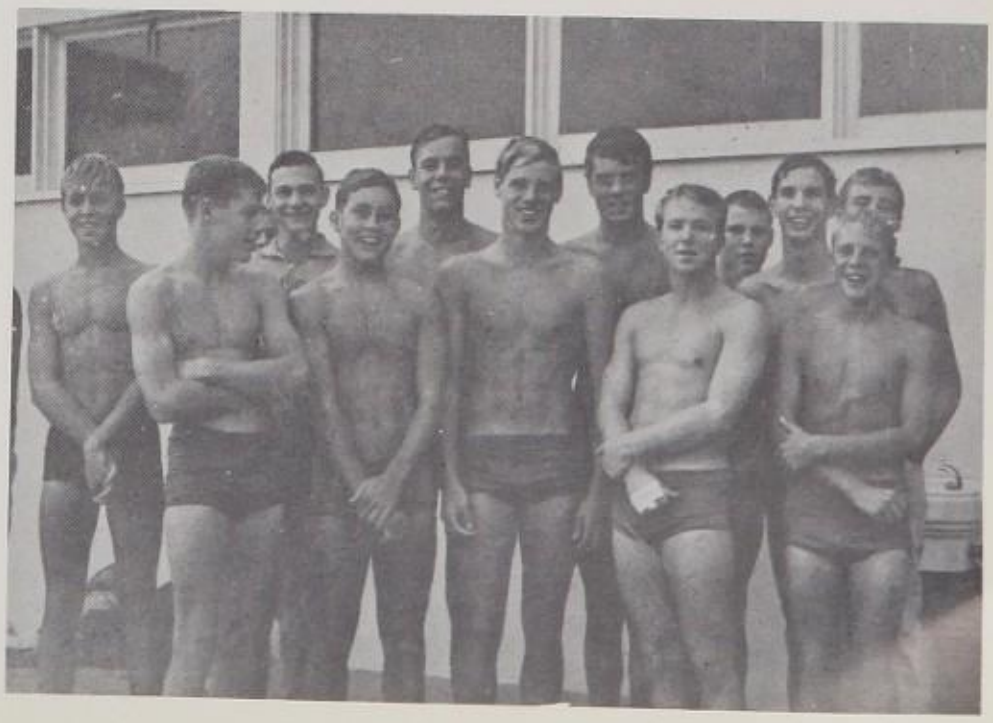
WATER POLO

This year, the Water Polo team enjoyed a relatively successful 4-5 season, considering this is our second year of competition. This was the result of hard work on the part of the members of the team and the excellent coaching of Mr. Brown. Saint Monica's is one of the three Catholic schools in the nation to have a Water Polo team and it looks forward to the further development and success of this asset to the Sports' Program.







Mike Messmore, Mike Wagner, Karl Dahlin, Malcolm Atwill, Joe McCormick, Richard Cushing, Rick Whippern, Denny McNulty, Kip Keel, Frank Wagner, Dave Meurer, Mike Hayn, Larry O'Brien.

COACH: BR. EDMUND

Although the cross country team succeeded in winning only one meet this year, the team composed entirely of sophomores and freshmen put forth some great efforts. However, finding that there are many returning lettermen, the outlook for next year is very optimistic.

Cross country is one of the most arduous and demanding of sports. The success of any team depends entirely upon individual excellence and endurence. Our youthful team has attained the enthusiasm so necessary and with time may also gain the excellence.

The 100 yard dash . . . and the mile run . . . hurdles and shots . . . the broad jump . . . HIGH LEAPS . . . ALERT MEN . . . HIGH HOPES . . .

Diligent practice, the capable leadership of coach Woody Bray, the experience of the returning lettermen and the help of promising Freshmen have been favorably combined in this year's track team to warrant optimistic plans for the season and hopes for competition in the Camino Real League.

B. Team: Andy Edwards, Dennis Orlando, Bruno Tonin, Ron Hutchison, Leonard Garcia, Dan Lovil, Joe Tuzen, Nick Castle, Francisco Martinez, Richard Martin, Greg Poseley, Mario Gallegos, Joe Sommerville, Tom Kirst, Joel Marrant, Mike Berryman.

In 1961, a handsome young milkman came into the office of the boy's department and asked if he could help organize a track team. At that time there was no track team, and, to complicate matters, no track! When these difficulties were explained they did not seem to dismay the young man and forthwith he proceeded to develop and mold the first organized track team ever known at St. Mo's. In his first year as track coach Woody Bray dismayed rival schools in our league by snatching 8 gold medals out of a possible 15 at the league meet.

During the past three years the spirit of the athletes and the interest in athletics has reached a new high at St. Monica's. This is due in great part to the unselfish work of Coach Bray. We, the students of Saint Monica's, are thankful for having the opportunity of working for Coach Bray and are grateful to him for his devotion and dedication to our school.

BASEBALL BASEBALL BASEBAL

With the annual arrival of Spring, the call to the great game of baseball rings out across the nation like an exuberant bell. Men and boys respond eagerly to the call while mothers and girl friends prepare themselves for a long hot summer of — waiting.

At SMHS, the challenge of the "bat and ball" is hopefully met by the perservering members who play the game to win.
